### **A domestic consumer is considered vulnerable if;**

And/or

It is genuinely difficult for the domestic consumer to pay his or her electricity bills because of severe financial insecurity whether temporary or permanent.

### **A medically dependent consumer is:**

A domestic consumer who is dependent on mains electricity for critical medical support, such that the loss of electricity may result in loss of life or serious harm. For the avoidance of all doubt, medical dependence on electricity could be for use of medical or other electrical equipment needed to support the treatment regime (e.g. a microwave to heat fluids for renal dialysis or equipment such as Continuous Positive Airway Pressure (CPAP) machine, Nasal Continuous Positive Airways pressure machine, Non-invasive Ventilation (NIV) Bi-level Positive Airway Pressure (Bi PAP) machine, Oxygen concentrator, Renal dialysis - Automated Peritoneal Dialysis (PO), Renal dialysis - Continuous Ambulatory Peritoneal Dialysis (CAP)) Renal hemodialysis machine, Total Parenteral Nutrition, Ventilator, Ventricular Assistance Device and other equipment.

To notify us that there is a vulnerable or medically dependent consumer in residence at the property please call our Customer Services Team on:

**PHONE:                      021 084 26126                      OR                      09 308 5500    Ext. 5504**

We will record you on our Vulnerable and Medical Dependency Register and as long as you are on this registry your power will not be disconnected for reasons of non-payment for electricity.

If you consider you are a vulnerable or a medically dependent consumer and you are unable to pay your electricity bill you may be asked for verification from a general practitioner, a budgeting agency or Work and Income NZ (if you are beneficiary).

If in future you could become a medically dependent consumer you may advise us by requesting your medical practitioner complete the Medical Dependency Form and sending it to us.
